

BEFORE
THE PUBLIC SERVICE COMMISSION OF
SOUTH CAROLINA

DOCKET NO. 93-482-T - ORDER NO. 94-621 ✓

JUNE 27, 1994

IN RE: Application of Little Dallas Motor)	ORDER
Lines, Inc., Rt. 3, Box 5121, Murray)	GRANTING
Johnson Road, Conway, SC 29526, for)	DOWNWARD
a Class E Certificate of Public)	AMENDMENT
Convenience and Necessary.)	

This matter comes before the Public Service Commission of South Carolina (the Commission) on the matter of Little Dallas Motor Lines, Inc. (Little Dallas or the Company). On September 27, 1993, this Commission, in Order No. 93-899, granted an Application by Little Dallas for a Class E Certificate of Public Convenience and Necessity to render motor freight service over irregular routes only as follows:

DRY COMMODITIES, IN BULK: Between points and places in South Carolina.

Subsequently, on November 15, 1993, this Commission issued its Order No. 93-1056, which granted the Petition for Leave to Intervene Out-of-Time And For Reconsideration of Order No. 93-899, filed by Santee Carriers, Inc. (Santee). The summary of that Order is that Santee stated that it did not receive any Notice of Filing of the Application of Little Dallas, and that if it had received notice of the filing that it would have intervened. The Commission considered that matter and stated that it believed that

since Santee did not receive proper notice of the proceeding, the Commission would grant the Petition for Leave to Intervene Out-of-Time, and would further reconsider Order No. 93-899, after appropriate hearing in the matter. The Commission, however, stated that in fairness to Little Dallas, that Order No. 93-899, granting the Application, should remain in full force and effect, until at least such time as the Commission reconsiders the matter after hearing.

Subsequent to that time, prior to hearing on this matter, the parties agreed on a downward amendment to the authority of Little Dallas as follows:

DRY COMMODITIES, IN BULK: Between points and places in South Carolina.

Restricted to prohibit the transportation of dry bulk commodities in tank trucks from the plant of Holnam, Inc. in Holly Hill, SC and from the plant of Giant Cement Company in Harleyville, SC.

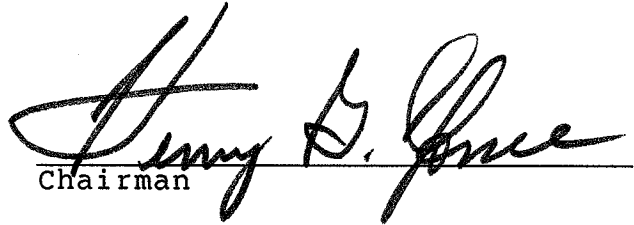

The Commission has examined this downward amendment and believes that it is fair and equitable to all parties, and further holds that the Certificate of Little Dallas should be amended to reflect same.

IT IS THEREFORE ORDERED THAT:

1. The request to downwardly amend Class E Certificate No. 9291 of Little Dallas Motor Lines, Inc. is granted as stated above.
2. The Certificate of Little Dallas shall be amended to reflect same.

3. This Order shall remain in full force and effect until further Order of the Commission.

BY ORDER OF THE COMMISSION:

Chairman

ATTEST:

Executive Director
